Youth Competitions

Thousands of young people take part every year in Rotary youth competitions. Which in most cases take the form of regional heats followed by a national final. The majority are categorised into junior, intermediate and advanced age groups.

Face To Face Competitions

Young Chef

Cooking amongst young people is a valuable life skill. Entrants plan and cook a two-course meal (main course and dessert). Develop their food presentation skills, and gain experience in high-pressure situations. For more information visit, <https://www.rotarygbi.org/projects/young-people/competitions/>

Young Musician

Music is an international language. Participants will get the chance to experience performing on a public stage as they showcase their musical talent and receive feedback from experienced adjudicators. For more information contact Andrew Wilson or visit <https://www.rotarygbi.org/projects/young-people/competitions/>

Youth Speaks

We encourage speaking and presentation skills in young people. This competition showcases superb quality speakers. There will be two options for 2024/25.

- The original Rotary Youth Speaks format
- The current Rotary Youth Speaks – A Debate format

Both competitions will only run through to Cluster finals. With no National Finals. For more information visit, <https://www.rotarygbi.org/projects/young-people/competitions/>

Non-Face To Face Competitions

Young Artist

The Young Artist competition is run over the course of a school year. In three or four different heats: club level, district, regional and national final. The competition is open to students in full time education in three age groups:

Junior	7 to 10 years
Intermediate	11 to 13 years
Senior	14 to 17 years.

For more information visit, <https://www.rotarygbi.org/projects/young-people/competitions/>

Young Photographer

The Young Photographer competition is run over the course of a school year. Entrants submit three photographs on a theme in black and white or colour, along with a description of the inspiration for their photographs. In three or four different heats: club level, district, regional and national final. The competition is open to students in full time education in three age groups:

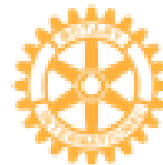

Junior	7 to 10 years
Intermediate	11 to 13 years
Senior	14 to 17 years

For more information contact Andrew Wilson or visit <https://www.rotarygbi.org/projects/young-people/competitions/>

Young Writer

A flair for creative writing is a special gift and this competition promotes and encourages the work of young people who show talent. The winning writers are published in Rotary magazines. For more information contact Nicky Shoesmith or visit <https://www.rotarygbi.org/projects/young-people/competitions/>

Youth Experiences

Rotary Youth Leadership Awards for young people aged between 16 and 18.

Looking for excitement and have a spirit of adventure.

It will give them a challenge to stretch themselves.

We will help the applicants to develop as a leaders whilst having fun and making new friends.

For more information contact **Lucy Hodgson**.

Rotary Technology Tournaments are a challenging and enjoyable way for young people to enrich their STEM learning (Science, Technology, Engineering and Maths).

They are designed for secondary school pupils aged 11-16.

With an advanced age level for 16 to 18-year olds.

For more information contact **Bob Tunidiffe**.

Youth under Sail

Ocean Youth Trust North take young people away from their everyday routine and inspire them to make positive changes to their lives.

They use the traditional practices of seafaring as a tool for personal and social development using a 70ft steel yacht specifically built for sail training for young people in the North East.

Each dedicated Rotary voyage takes place in August and consists of:

12 Rotary sponsored crew aged between 14-17 years

1 Rotary Mentor

For more information contact **Martin Munford**.

Rotary Youth under Sail

A partnership between Ocean Youth Trust North and Rotary 1040 working together for over 13 years

There are Rotary sponsored places on a 6 day 'Adventure under Sail' aimed at developing

- *Self-confidence and resilience*
- *Interpersonal and social skills*
- *Ability to work as a team*
- *Sense of responsibility and respect for others*

393 young people from Clubs within the 1040 District have benefitted so far

Compliments rather than conflicts with RYLA – is more about learning how to be being part of a team

Rotary Youth under Sail

As a watch leader and a rotary mentor I learnt a lot about helping young people develop confidence and ability.

Every year I am fascinated watching 12 young people arrive as individuals and leave as part of an effective team who work really well together supporting each other

After returning home our daughter asked to eat dinner with us for the 1st time in a long while and then asked if we could all play cards – she has been isolating herself and this voyage has made a huge difference

We had one very happy & exhausted teenager come back from a voyage who will remember his week sailing on the North Sea forever.

The James Cook is quite confined and brings out social interaction and communication skills

The programme has changed young people's lives... a great outcome to be proud off

A few of the young people come back to volunteer and share their skills with our young people – some have even taken up a career in sail training

One girl we sponsored on the tall ships race went on to have a career in sailing

The Earthshot Prize

Our challenge to the world is based on five Earthshots – simple but ambitious and universal goals for 2030 developed in collaboration with leading environmental experts. They are Protect and Restore Nature; Clean our Air; Revive our Oceans; Build a Waste-Free World; and Fix our Climate.

**PROTECT
AND RESTORE
NATURE**

**CLEAN OUR
AIR**

**REVIVE OUR
OCEANS**

**BUILD A
WASTE-FREE
WORLD**

**FIX OUR
CLIMATE**

Every year over the course of this critical decade, five Winners with the best chance of helping to achieve our Earthshots will be awarded £1 million each to scale their solutions, with all 15 Finalists receiving tailored support from our global alliance of partners.

Climate Change

After 28 COPs - Where are we?

COP 28

- Hailed as one of the most successful ?
- Cop Out?
- We only have 24 more COPs before 2050!

"Whilst we didn't turn the page on the fossil fuel era in Dubai, this outcome is the beginning of the end," said UN Climate Change Executive Secretary Simon Stiell in his closing speech. "Now all governments and businesses need to turn these pledges into real-economy outcomes, without delay."

A very short film from the UN...

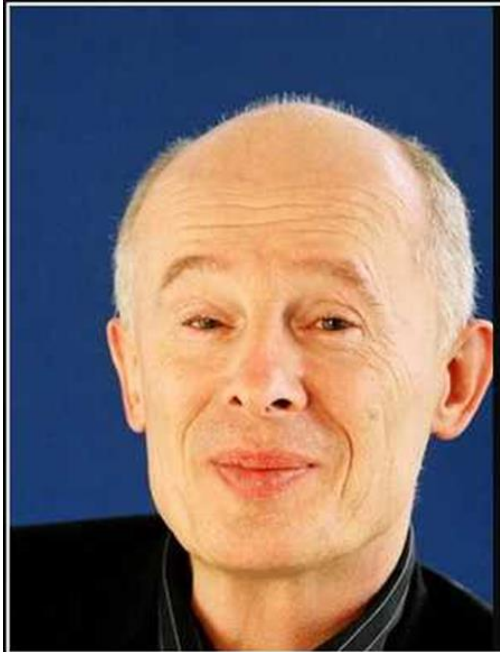

An aerial photograph showing a vast, cracked, and parched landscape, likely a dried-up lake or reservoir. The ground is covered in a dense network of irregular, polygonal cracks, creating a mosaic-like pattern of brown and tan colors. In the center of the image, a small, light-colored boat is stranded on the cracked earth, surrounded by a small pool of water. The boat is oriented vertically, with its bow pointing towards the top of the frame. The overall scene conveys a sense of extreme drought and environmental hardship.

A small **step** we can all take to help (pun intended)

A Plea...

**THE TRUTH IS:
THE NATURAL WORLD IS
CHANGING. AND WE ARE
TOTALLY DEPENDENT ON
THAT WORLD.
IT PROVIDES OUR FOOD,
WATER AND AIR.
IT IS THE MOST PRECIOUS
THING WE HAVE AND WE
NEED TO DEFEND IT.**

**IT IS OUR
COLLECTIVE AND
INDIVIDUAL
RESPONSIBILITY ...
TO PRESERVE AND
TEND TO THE
WORLD IN WHICH
WE ALL LIVE.**

DALAI LAMA

**"Never doubt that a
small group of
thoughtful,
committed citizens
can change the
world; indeed, it is
the only thing that
ever has."**
